

DECORATIVE CANDLES

Gleam & Glow

Welcome to Gleam & Glow Candles

Welcome to Gleam & Glow Candles web site - the home of individually hand crafted candles from the beautiful island of Sri Lanka.

From our workshop in Dehiwela towards the south of the Colombo City, we make all our candles on the premises and, since all the candles are hand made, no two are identical. We have, amongst many others, our signature candles: Floating Candles, Round & Square Pillar Candles, Chunk Candles, Décor Candles, Candles for any type of party favors. We make scented and unscented Candles. We hope you find what you are looking for on our site but, if we can help you in any way, please do visit our Contacts page and get in touch.

Here at the Gleam & Glow Candles, we are proud to offer the finest quality handmade candles and accessories. These candles are made for you when you order them. All of our candles are cleaner burning and safer.

Even though we use metal molds and glass containers, no two candles are exactly alike. We like to call candles poured from the same lot of wax "identical twins" and only a mother could tell them apart.

We want people to feel good when they purchase our products and know that the candles were made with natural,
